REACH Compliance
Electro Industries/GaugeTech is a supplier of “articles” as defined in REACH. The “substances” contained in the articles are not intentionally released, nor do the articles contain any of the substances on the updated SVHC Candidate List of 163 substances published on June 15, 2015, and meet the acceptable limit of < 0.01% content by weight:
Electro Industries/GaugeTech supports the basic aim of REACH in improving the protection of human health and environment through the better and earlier identification of intrinsic properties of chemical substances. REACH (Registration, Evaluation, Authorization and Restriction of Chemicals) is a European Union Commission (EUC) Regulation on chemicals and their safe use (EC 1907/2006) entered into force on 01 June, 2007 and will be phased in until 2018. More information can be obtained at http://ec.europa.eu/enterprise/sectors/chemicals/reach/index_en.htm
Electro Industries/GaugeTech meets all applicable REACH requirements and is committed to provide our customers with information about substances in its products as required. A list of compliant “articles” is available in the Table below.

RoHS Compliance
RoHS Compliant means that the substances restricted by the EU Directive and subsequent amendments of the European Parliament are not contained in a finished product above threshold limits stated in the Directive unless the restrictive substance is subject of an exemption contained in the RoHS Directive. Once the Directive is fully implemented, products may have “CE” marking in an effort to consolidate marking requirements as mandated by the European Parliament. CE marked products mean that it complies with the RoHS Directive and other applicable directives, these will be listed in our products manual.
Electro Industries/GaugeTech hereby declares that all Products listed in the following table are in compliant with the current Directive.
