

Nexus® and Shark® Meter Training

When: October 22nd - 23rd, 2019
8:30 a.m. to 5:00 p.m. (please arrive at 8:00 am to set up and check in)

Where: Hillsdale Shopping Mall
Sixty 31st Avenue
San Mateo, CA 94403 (Enter the mall on West Sailer Dr. (2nd entrance to the West Parking Lot). Go to the CUSTOMER SERVICE entrance. Down the stairs to the right. Conference rooms are to the left of the Facility Offices).

Cost: **Free** (not including hotel and transportation). Includes complimentary lunch.

Course Benefits: This course will provide both the novice and experienced user with a clear and concise understanding of the full functionality of the Nexus® and Shark® family of meters. Networking with other utility users will be an added course benefit.

Who Should Attend: Substation, Relay Protection, PQ Engineers & Technicians, Metering Engineers & Technicians, Project and Plant Engineers, and Energy Managers. Generation and Transmission applications will be covered.

Course Contents will include, but are not limited to:

- Introduction and overview of the Shark® and Nexus® series meters' configuration, software, and features.
- Communicating with meters using a variety of available protocols.
- Programming, and understanding the terminology of, the meter's setup profile.
- Uploading and saving the profile, and working with it offline.
- Looking at and interpreting the real time data.
- Setting the Nexus® meter's time and reviewing the timing capabilities.
- Discussion of our DNP implementation and interfacing with other systems.
- Retrieving and analyzing data from the meter's memory.
- Enabling and disabling the passwords and learning what each of the password levels can and cannot do.
- Software Configuration and Features: Communicator EXT™ 4.0, Log Viewer, MeterManager EXT, and EnergyReporter EXT software applications.

Requirements (what you should bring)

- Laptop computer running Windows 7, 8, or 10 Operating System with 4GB of RAM or higher
- Must have functioning WiFi capability and capability to connect to an open network
- Please pre-install Communicator EXT™ 4.0 software, available from our website:
<https://electroind.com/communicator-ext-4-0-form/>

Seating is limited. Please contact your local sales rep.
