

Pre-wired Enclosure for Form 9S Base Socket Meters

EI-602U3010C13-1484

Features

- 13 jaw Form 9S meter socket
- NEMA type 3R indoor/outdoor enclosure
- 600 V Rated
- Comes equipped with a 10 pole FT switch terminal block - tin plated with color-coded handles
- Perfect for Shark® 270 socket meter and Nexus® 1262/1272 socket meters
- Supports all transformer-rated Form 9S meters
- Lockable cover

Description

EIG offers a pre-wired enclosure to be used with the Nexus® 1262/1272 and Shark® 270 socket revenue meters, or any Form 9S base transformer-rated meter.

This enclosure is perfect for either a retrofit or a new installation. Simply put the enclosure where you want it, install the socket meter into the pre-wired enclosure, then connect your current transformers and voltage references.

Specifications

Size – W 12" x H 19-7/8" x D 4-3/8".

Knockouts – (Six) 3/4" x 1" x 1-1/4" in bottom, sides, back; (one) 1/4" x 5/8" x 7/8" in bottom.

Rating – 20 A, 600 V AC, transformer rated meters, only.

Ringless one piece cover, lockable with stainless steel swing-latch and hasp. Meter mounting blocks are electrical phenolic. Socket terminals accommodate #14 through #6 cu/al wire.

Meter retainer clips (ringless-style) can be attached to surge brackets to help prevent accidental removal of meter when socket cover is removed.

Compliance

- NEMA 3R
- ANSI C12.7
- UL414 - UL Listing File #E112363
